STYLING

A real statement starts with uniqueness

Your car should be as individual as you are and with our accessories you can build a car of your own. No matter what it is that makes your heart beat faster, we are sure that you can get it.

What's your style?

Do you prefer a classic and sporty style or do you like it modern and distinctive? The wheel portfolio for your Kia provides you with everything you need - whatever you want to express.

4. Body decals "Playful"

Let the rest of the world enjoy all the fun of your car's bright-eyed interior design - by using body decals that repeat the inside pattern.

 Flexibility and ease of use are key factors when it comes to transportation demands. Our transportation solutions offer best and reliable quality and can be fitted in seconds.

TRANSPORT

What's on top?

Although the Picanto is a space miracle, it is not unusual that the trunk capacity might be too small for bulky items like sports equipment. With Thule transportation solutions you are well equipped for any mission.

1. Roof box Thule Pacific 200 (5dr)
 460 litre box with a lowered base for reducing air resistance, wind noise and vibrations.
[55730SBA20](#)

2. Roof box Thule Ranger 90 (5dr)
 Innovative and foldable roof box with a capacity of 340 litres. Can be rolled up and stored easily at the end of the journey.
[55730SBA10](#)

3. Ski & snowboard carrier Thule 727 Deluxe (5dr)
 Mounted in seconds. Fits 6 pairs of skis or 4 snowboards.
[55700SBA20](#)

4. Ski & snowboard carrier Thule Xtender 739 (5dr)
 Comfortable for winter season. Perfect for 6 pairs of skis or 4 snowboards. The carrier slides out for easy loading and unloading without having to stretch over the car roof and risk getting your clothes dirty or scratching your Picanto.

COMFORT

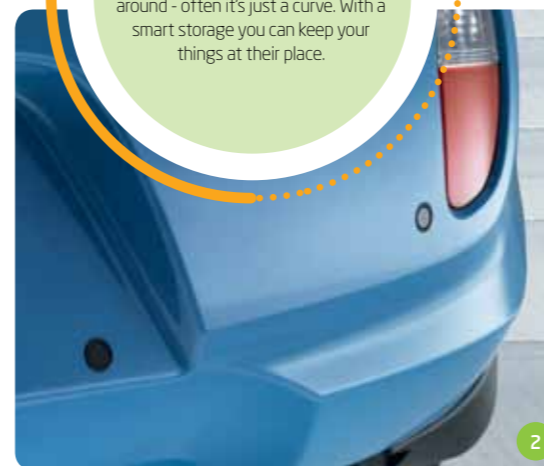

My favourite things

It is often the small things that can save your day. Also in a car, small features like a parking assistant, parking distance sensors or an armrest with additional storage care for full satisfaction and make life easier.

Space odyssey

It doesn't need the absence of gravity that makes things tumble around - often it's just a curve. With a smart storage you can keep your things at their place.

1. Parking sensors front

Front kit consists of 4 integrated sensors, that give an acoustic warning signal to indicate the proximity to the nearest large object. Equipped with a push button for manual switch on/off.

E98001D101

2. Parking sensors rear

Rear kit consists of 4 integrated sensors, that give an acoustic warning signal to indicate the proximity to the nearest large object.

E98001D000

3. Armrest with a storage box

Comfort meets function. Black vinyl stylish and convenient armrest with a smart and voluminous integrated storage for carrying small but precious things.

4. Wind deflector

Reduces noise and water splashes. Set of 2 pieces for the front windows only.

1Y221ADE00 (5dr)
1Y221ADE01 (3dr)

5. Ice / sunscreen

Tailor-made screen protecting the windscreen and the 2 front side windows from ice or the car's interior from the sun.

1Y723ADE00 (5dr)
1Y723ADE10 (3dr)

6. Phone console (not shown)

Holder for mobile phones of all manufacturers.

NAVIGATION

Find your way the easy way

Today's retrofitted navigation solutions work very well but they still contain a high risk when it comes to full braking or an accident. In combination with disturbing wires around your dashboard they don't offer the same demand for quality and safety as a reliable and stable integrated solution.

With SNAP & DRIVE you can forget disturbing wires or suction cups on your windshield. Our reliable navigation holder delivers best functionality with the best in test NAVIGON N70 Premium. A stable connection to the dashboard assures a high level of safety because the holder stays not in head impact or field of vision. Wiring and TMC-Antenna is integrated below the dashboard so you get a retrofitted and unique solution with genuine quality and smart design while functionality and usage gets easier. SNAP & DRIVE also offers Bluetooth® hands-free functionality that can be integrated into the car's sound system, including map updates for the first two years.

1. Navigation SNAP & DRIVE Basic Kit
55690ADE00

S&D Joining Harness (low-spec)

All the connection you need to guarantee your navigation system is up and running. Partially integrated with invisible charging.
55690ADE10

S&D Joining Harness (high-spec)

All the connection you need to guarantee your navigation system is up and running. Totally integrated with invisible charging and integrated sound.
55690ADE30

2. Radio Clarion CZ501ER*

Features built in Bluetooth hands-free operation and phonebook download for phoning on the road using the integrated microphone. Enjoy the familiar operational feel

of your iPod and iPhone with the front USB connection. A 4x50 Watt amplifier of high quality sound with MP3 and WMA support.

Why not take the short cut?
Sure you probably won't get lost but with a small navigator on board you might reach your destination faster and without struggle.

Splish splash

It is often just an instant and it happens. Dirt or splashes on your car or you accidentally step on your car's entry guard and leaves scratches. To prevent these small misadventures we offer tailor-made protective and stylish accessories for your Picanto.

1. Entry guards protection foil, transparent

Transparent self-adhesive protection foil to protect against scratches or traces of use.

Transparent self-adhesive protection foil to shield against scratches or traces of use.

1Y127ADE00TR

Simply perfect

Some things just have to fit perfectly. When you need a mat or a liner for your boot you expect an optimal fit on any edge and reliable surfaces on top and on the bottom side.

SAFETY

Well prepared

It doesn't have to be you who is involved in a car crash or your car breaks down, but in case of an emergency, safety comes first. Be well equipped for your own safety and the safety of others. The offered safety products are mandatory in most European countries and have to be renewed after the expiration date.
